Client Grooming Agreement

Current Vaccinations/Veterinarian Information: *By signing this contract, owners verify their pets are current on Rabies, Distemper and Parvo-Virus.* Proof of Vaccination shall be provided to Wicked Clean Dog at time first appointment.

Aggressive or Dangerous Pets: Owners MUST inform Wicked Clean Dog if your pet(s) bite, has bitten, or is aggressive to people, other pets or specific grooming procedures. Muzzles may be used if necessary. Muzzling will not harm your pet, and protects both the pet and the groomer. *Wicked Clean Dog reserves the right to refuse/stop services for such pet(s) at any time before or during the grooming process, and charge a handling fee for aggressive dogs in addition to the regular grooming charge.* If the pet should bite, the owner agrees to be responsible for any and all related medical bills, recovery costs, loss of income and equipment damage.

Health, Medical Problems & Senior Pets: Grooming procedures can sometimes be stressful, especially for a senior or ill pet or pet and can expose hidden medical problems or aggravate a current one during or after the groom. Because these pets have a greater chance of injury, these pets will be groomed for cleanliness and comfort. In the best interest of your pet this contract/agreement will give Wicked Clean Dog permission to obtain immediate veterinary treatment for your pet should it be deemed necessary. We will do our best to contact you first, then take your pet to your authorized veterinarian. It is agreed that all expenses for veterinary care will be covered by the pet's owner upon signing this contract/agreement.

Mat Removal: Pets with matted coats need extra attention during their grooming session. Mats left in a pet's coat only grow tighter, and can strangle the pet's skin, or eventually tear it open. Wicked Clean Dog does not wish to cause serious or undue stress to your pet, and will not continually de-mat your pet for you. Mats can be very difficult to remove, and may require the pet to be shaved. When necessary, removing a heavily matted coat includes risks of nicks, cuts or abrasions due to warts, moles or skin folds trapped in the mats. Heavy matting can also trap moisture and urine near the pet's skin allowing mold, fungus or bacteria to grow, causing skin irritations that existed prior to the grooming process. Torn skin from mats can also harbor maggots. After effects of mat removal procedures can include itchiness, skin redness, self-inflicted irritations or abrasions and failure of the hair to re-grow. Shaved pets are also prone to sunburn and should be kept out of the sun until the hair grows sufficiently to protect the skin. In some cases pets may also exhibit brief behavioral changes. Prevention is the best defense against matting by scheduling regular grooming appointments. Extra Charges Apply

Puppy's first Haircut: The first grooming experience for a puppy (or any age dog) requires patience and understanding. More time may be necessary to work with younger pets. Gradually adding steps to the grooming process on a regular basis will help to minimize any potential stress. Owners can help their pets accept grooming by regularly massaging pet's paws as well as brushing

& combing their coats. Frequent handling of paws can help pets better accept nail clipping or trimming around the feet.

Accidents: There is always the possibility an accident could occur. Grooming equipment is sharp, even though we use extreme caution and care in all situations, possible problems could occur including cuts, nicks, scratches, quacking of nails, etc. In most cases this can happen when a pet is wiggling or moving around. **If you arrive to pick up your pet and they are still being groomed, please do NOT talk to them or allow him/her to see you.** Every effort will be made to insure your pet is groomed as safely as possible, but an excited pet can be dangerous to continue to work on.

Parasites: If you suspect your pet has fleas or ticks, prompt and thorough action on YOUR part will be needed. Flea infestations can lead to tapeworm and other health problems. We do offer effective products and can apply treatment if requested. If fleas or ticks are found during the grooming process, your pet will receive a flea bath to kill the parasites and an extra charge will be applied. **Please note that parasites are a health hazard to your pet as well as to humans.**

Cancellations or NO Call No Show: In the event that you do not notify or show up to your scheduled appointment or In the event that you need to cancel your scheduled grooming appointment you **MUST** notify Wicked Clean Dog 24hrs in advance or a charge of \$25.00 will be **added** to your next grooming bill.

Hold Harmless Agreement: By signing this contract you (or your Agent) agree to hold Wicked Clean Dog, it's owners, operators, employees, officers and directors harmless from any damage, loss, or claim arising from any condition of the undersigned pet, either known or unknown to Wicked Clean Dog. It is also further understood and agreed the terms of this agreement can change at any time, without notice, and will overwrite any and all prior signed contracts or releases.

I have read and agree to the policies of Wicked Clean Dog Inc. for my pet(s). A copy is available upon request for your records.
